

AMS - MONITORING SYSTEM LEVEL, PRESSURE, TEMPERATURE & CONTROL

SOLUTIONS FOR

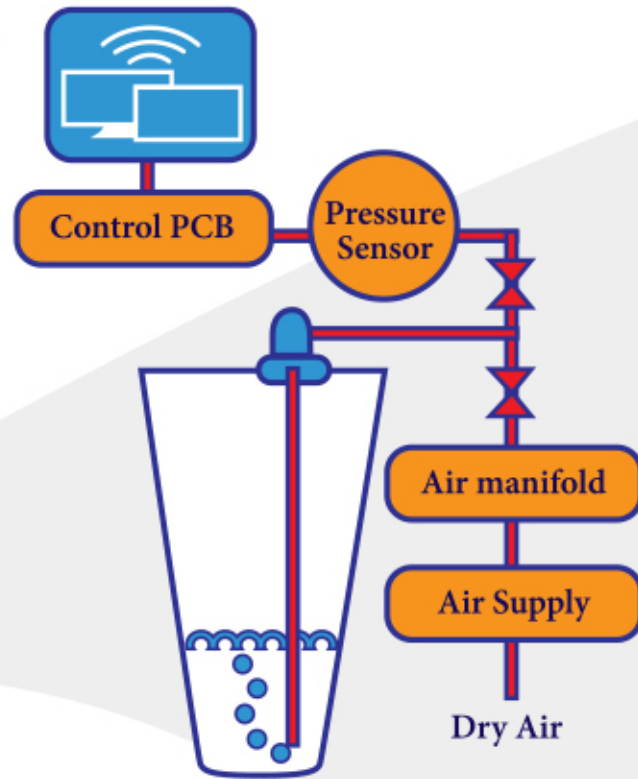

- Ballast / Cargo Level Control & Monitoring System
- Temperature & Pressure Monitoring System
- Water Ingress & Bilge Level Monitoring System
- Remote Valve Control & Operating System
- Over Flow & Over Pressure Alarm System

**APPLICATION:
ALL TYPE OF
VESSEL,
OFFSHORE
PLATFORMS**

ADVANTAGES

- Support All Over The World
- Type Approved Products
- Solution Provided For New Built And Retrofit
- Custom Made Solution To Meet Customer Specific Requirements

AIR-PURGE TYPE LEVEL GAUGING SYSTEM

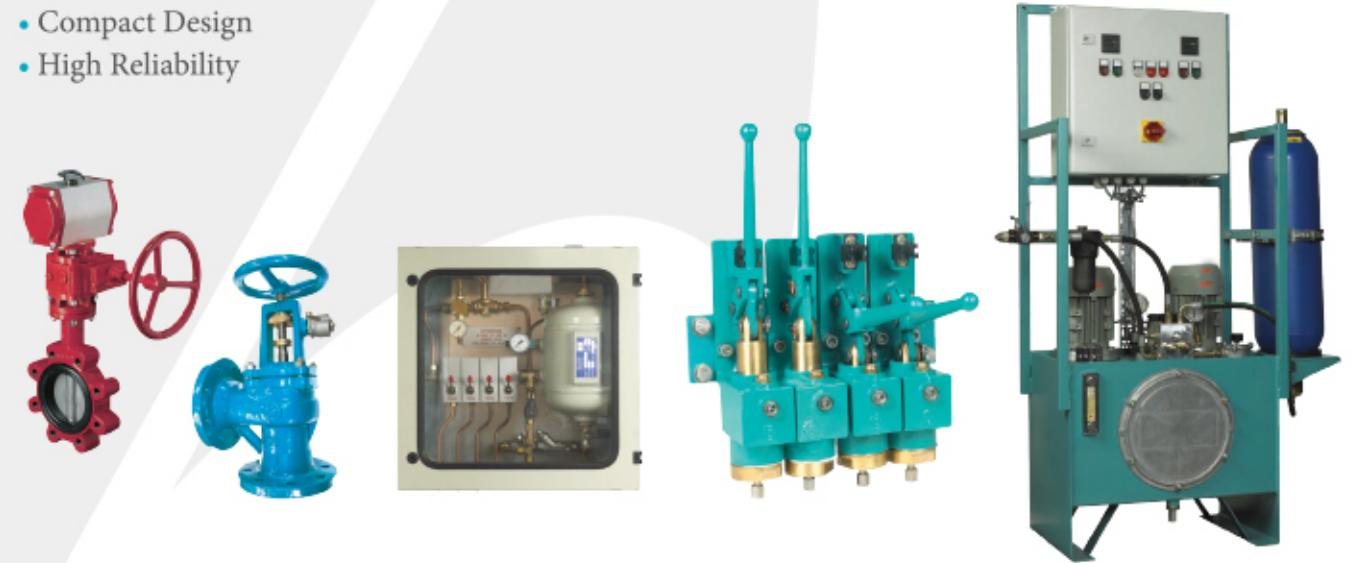

LEVEL DETECTION SYSTEM

- Air Purging System
- Pressure Transmitter
- Radar / Ultrasonic
- PC Based
- Stand Alone For Small Vessel

REMOTE VALVE CONTROL SYSTEM

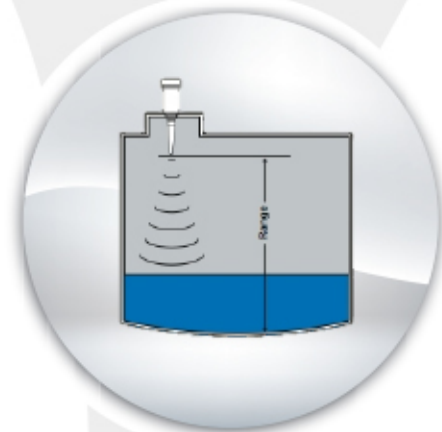

- Compact Design
- High Reliability

Float Level Switch

Level & Pressure Sensor
